

## STUDENT WORKSHEET

## **Use Energy Efficiently**

Name: Date:	
Energy efficiency means changing or moving the matter with	the
amount of energy.	
2. Why is energy efficiency important?	
3. List two ways to conserve (use less) energy.	
4. Draw a picture of someone using energy efficiently in their home.	
5. What are two types of new appliances that might feature the ENERG	Y STAR
label, which helps people find super-efficient models?
